Mrs. O. E. Von Oven, Mrs. A. P. Findlay, Miss Eva Daniels Elected By Members

With more than 300 members and friends in attendance, the last program meeting of the season of the Tuesday Afternoon club was held yesterday afternoon at the Masonic Temple, at which time also three new members were elected on the board of directors, Miss Ann Thompson, concert pianist, having the program for the afternoon.

The short business meeting which preceded the program given by Ann Thompson was presided over by Mrs. C. E. Hutchinson, president. After the reading of the minutes by the secretary, Mrs. W. N. Stamps, the curator of the Shakespeare section, Mrs. O. E. Von Oven, was called upon to give the report of proceeds received from the Shakespearean tea, who, in turn, presented Mrs. C. H. Temple, chairman of ways and means, with a check for $57 for the building fund.

Mrs. Von Oven thanked the newspapers for the publicity given and also thanked all those who had helped make the tea a success.

Annual Luncheon Next

Mrs. Hutchinson then announced that the next meeting of the club would be the annual luncheon and installation of officers. She stated that in previous years it had been customary to have the banquet served by the ladies of one of the churches, but this year the luncheon would be served by the members of the hospitality committee, with the assistance of some of the club members, and the proceeds over and above expenses would be placed in the building fund. Reservations must be made by Friday of this week.

According to the by-laws of the club as revised at the last meeting it was found necessary to elect three

LODGE OF ELKS IN IMPRESSIVE FLAG DAY SERVICES

Large Crowd Is Present At Club Rooms Last Night; W. I. Gilbert Talks

The ever-impressive annual flag day exercises of the Glendale lodge of Elks, which were held last night in the local club rooms, were attended by approximately 500 members and friends. The spacious lodge room was tastefully decorated with a variety of flowers in the national colors, potted palms and ferns, with "Old Glory" in evidence everywhere. Each person attending the exercises was given a small American flag. Members of the patrol team acted as ushers.

The first number on the program was a selection by the Elks' orchestra, which is in charge of R. E. Olin, after which the officers marched into the room and took their respective places, as follows: Alfred F. Priest, exalted ruler; Arthur H. Dibbern, esteemed leading knight; James A. Apffel, esteemed loyal knight; Earl Patterson, esteemed lecturing knight; W. M. Kimball, secretary; G. A. Dockeray, esquire; Jas. F. McBryde, chaplain.

Introductory Exercises

This was followed by the singing of "The Star Spangled Banner" by all present, after which Alfred F. Priest conducted the introductory exercises of the evening. He stated that it was very appropriate that the Elks, an organization distinctly American, intensely patriotic and without a counterpart in any other land, should conduct services to honor our country's flag and celebrate the anniversary of its birth.

The officers of the lodge then told of the significance of the flag to the various stations of the lodge as being a mantle of charity, emblem of justice, token of brotherly love and symbol of fidelity.

James F. McBryde, chaplain of No. 1289, then invoked the divine blessing, after which a vocal solo by Edwin J. Albright, member of No. 99,

OVER 2200 REGISTRATIONS IN ADVANCE FOR STATE CONVENTION OF CHRISTIAN ENDEAVOR HERE

About 5000 Young People Will Be Glendale Guests June 25-29, Is Estimate; Tentative Program for Great Gathering Given Out by Officials

More than 2200 advance registrations for the State Christian Endeavor convention to be held in Glendale June 25 to 29 are reported at headquarters today! With ten days to go until the opening of the sessions, it is estimated that this list will be far over 3000. And as one-third of the number of delegates do not register at most conventions until they arrive at the place where the event is held, it is easy to deduce that approximately 5000 young people from all parts of the state will be entertained the last week of this month.

This prediction, coupled with intensive publicity campaign given the convention here this year, would make it seem that Glendale will be the host to the greatest throng in the annals of the organization's annual meetings.

Only the utmost on the part of the committees on arrangements will facilitate the care of such unusual crowds and many of the delegates will be guests in Los Angeles, Eagle Rock and Burbank homes, while the doors of this city will be thrown wide open.

In a few short days tremendous preparations must be made. The tabernacle at the corner of Harvard and Orange streets is being remodeled to accommodate 4000 people. Even this will be inadequate and arrangements are being made to use the First Methodist church for overflow meetings.

A mammoth tent will occupy the lots opposite the tabernacle where special sessions will be held and the high school cafeteria, First Methodist church social hall and other large buildings will be used for restaurant purposes.

The following table graphically re-

NIGHT SEARCH FOR ROY GARDNER WITHOUT INCIDENT

PORTLAND, June 15.—The night search for Roy Gardner, elusive mail bandit, progressed without incident and with Gardner apparently as far away from capture early today, according to reports from Sheriff Noggett's posse, as he was five minutes after his escape. The officers still pursue him. "Reminds me of that old song," opined a member of the posse, "which goes 'while the mother was chasing her boy around the room, she was chasing her boy around the room.'"

ADMIRAL SIMS FORGETS STEAMER TICKETS IN RUSH

LONDON, June 15.—Admiral W. S. Sims, world traveler, forgot his tickets today in the rush of getting away to Southampton in response to Secretary of the Navy Denby's order that he report in Washington. Sims left his transportation at his hotel, but officials of the steamship line promised they would take care of him. Several hundred British and American admirers of the admiral surrounded him at Waterloo station, many shaking hands and wishing him a pleasant voyage. Americans gave him three typical American cheers.

SHARP DECLINE IN MEXICAN PETROLEUM AT OPENING

NEW YORK, June 15.—An exceedingly sharp decline in Mexican Petroleum was the feature of the stock market opening here today. Selling ex-dividend, 2000 shares were sold at 120, off 7 points and a new low for the year. The selling was based on new reports of deteriorating wells in Mexico. Pan American A got down to 48⅛, off 3 3-8. Heavy selling in the oils had an unseeling effect on the rest of the list. United States Steel opened up ⅛ at 76 1-8 and American Woolen showed a similar gain. Studebaker was up ⅛ at 75⅞. Pullman was off 1¼ at 91. Northern Pacific was ¼ up at 65½, but reacted a point. INDORSEMENT GIVEN 5 CANDIDATES TO CITY COUNCIL

Federated Brotherhoods Of City Take Action; Urge Bond Issue Support

The Federated Brotherhoods of Glendale, in session last night, indorsed five candidates for the city council, as follows:

ANN P. BARTLETT
W. B. KIRK
H. W. WALKER
H. W. YARICK
S. H. MUHLEMAN

The brotherhood's executive committee, it was announced, selected the five candidates from a field of fifteen, and recommended their indorsement, which was given.

Indorsement was also given the swimming pool bond issue, and a committee was named to meet with other citizens in a mass meeting at the city hall on next Friday night to discuss the bond issue.

The same candidates for city council favored by the brotherhood are indorsed by the Municipal league, as told in a communication from the league appearing elsewhere in this issue of The Evening News.

About 300 Glendale men and women last night attended the annual "ladies' night" of the Federated Brotherhoods held at the First Methodist church. The members and guests assembled in the large banquet hall at 7 o'clock, when they were served a delicious four-course dinner by the Ladies' Aid society of the Methodist congregation. Following the repast the audience adjourned to the main auditorium where the business of the evening took place.

Arthur G. Lindley, who is president of the brotherhood, opened the meeting with a short talk, after which he introduced former Lieutenant-Governor A. J. Wallace as the principal speaker of the occasion. His subject was "Citizenship and Christian Citizenship."

Strong Plea Is Made

After expressing his pleasure at being in Glendale and having the privilege of addressing so large a gathering, Mr. Wallace made a strong plea for more interest and earnestness in the execution of the duties and privileges of citizenship. He said:

"Our citizenship can be divided in two classes, native born and adopted, each essential and necessary and contributing to the country's advancement. I belong to the latter class, having been born in Canada, and a subject of Queen Victoria. Not measuring up to the property qualifications then in existence and since abolished, I never voted in that country, but a short time after coming here and taking up my residence in North Dakota I became a voter and also a judge of election. And

Mrs. Kemper Campbell Gives Book Review

Mrs. Kemper Campbell of 1412 South Brand boulevard gave a very interesting book review yesterday at the Friday Morning club. It was the meeting of the Literary section and the topic of the day was "Recommendations for Summer Reading." Mrs. Campbell took the book, "The Growth of the Soil," by Knut Hamson, and made an extremely interesting report. She referred to the quotation, "No man can promise to love forever any more than he can promise to live forever, but he can promise to take care of his life and his love as best as he can," and stated that this book brings this statement out very well. It also showed that in a great many instances those who go to the soil with nothing usually get something out of it, but those who start with a lot of money, usually lose, she said.

Farewell Surprise Is Given By 35 Friends

A farewell surprise party was given yesterday afternoon at the home of Mrs. C. E. Hutton, 326 East Colorado street by thirty-five members of the Women's Bible class and Ladies' Aid society of the Central Christian church in honor of Mrs. M. E. Shropshire and Miss Lillian Shropshire, who leave today for Lawrence, Kansas; Miss Clara Hutton, who leaves for Chicago tomorrow, and Mrs. E. F. Archer, who leaves Saturday for Portland. Decorations of yellow coreopsis were used. Games and music occupied the afternoon, at the close of which refreshments were served.

INDORSEMENT GIVEN 5 CANDIDATES TO CITY COUNCIL

Federated Brotherhoods Of City Take Action; Urge Bond Issue Support

(Continued from Page 1.)

from that time on I have continued and increased my interest and activities.

"This subject is so large and there is so much to be said that I hardly know what is the most important. I am interested in Glendale and have noticed your growth and activity. You have your independent government and may never become a part of the city of Los Angeles, but I sometimes feel that we need you. The other day we had an election. No. 1 amendment was a proposition to back up the Volstead law, the eighteenth amendment, a part of our constitution, and it was lost by 1700 to 1800 votes; defeated by the 'stay-at-homes.' Glendale could have helped us to put it over.

"There are two enemies of good government. The evil voters and the corrupt voters, who can always be counted upon to vote on the wrong side. And then, there are the men and women who believe in the right, talk for the right and even pray for the right. And then when election day comes around are so busy that they neglect to vote. 'Stay-at-homes' are more to blame, for they have the right and fail to perform it. I would rather that men would vote who do not vote as I do than not vote at all. The man who fails as a citizen is a traitor to his family, his community, his state and his nation, and even further than that as the world is looking to America for an example. I believe in party politics, but the man who always follows his party and does not do a little thinking for himself is not much good to the country."

Mr. Wallace related several incidents connected with his office as lieutenant governor to illustrate his points, and also compared conditions of the present with twelve years or so ago in California politics, which register an advance in civic affairs. In conclusion he urged the Glendale voters to use their conscience and best judgment in the approaching city election.

A rising vote of thanks was given Mr. Wallace for his address.

Candidates for Council

W. N. Bott, acting secretary, read the minutes of the executive committee of the Federated Brotherhoods held on Monday night, June 6, at which time they carefully considered the various candidates for council and recommended five candidates as follows: Ann P. Bartlett, W. B. Kirk, H. W. Walker, H. W. Yarick aand S. H. Muhleman.

President Lindley explained that while other capable men were in the field, only five can be elected, and the executive committee had united on the five mentioned as the best all-around candidates.

It was then moved and adopted that the brotherhood as a body recommend these names to the voters. Several addresses supporting this action and urging unity were made, also indorsing the swimming pool bonds.

Rev. Edmonds Gives Views

Mr. Lindley invited an open discussion on the coming election, to which Rev. W. E. Edmonds of the Presbyterian church was the first to respond. He spoke on "Unity of Action," and told of how the brotherhood had always stood for the upbuilding, growth and prosperity of Glendale, and that these ideals will be maintained in the city's future.

Rev. Edmonds mentioned the fact that a certain Los Angeles newspaper had recently published statements that the so-called "blue laws" were to be the main question in the approaching election and that the federated brotherhood was supporting the "blue laws." These he branded as false, and stated that the intention of the brotherhood is to "keep good things in and keep bad things out" of Glendale politics.

He said that the organization has nothing to conceal, but that it stands for what it thinks are the best things for the interests of Glendale. Also, that the five candidates chosen were selected by the majority and that those who were not chosen should feel that no reflection has been cast upon them.

Committee is Named

In compliance with the request of the Chamber of Commerce, a committee was appointed to meet with other citizens at the city hall Friday night to boost the bond issue.

The committee was named as follows: W. F. Tower, C. W. Ingledue, George Lemon, W. B. Kirk, W. H. Reynolds, R. F. Kitterman, Roy Kent, C. D. Lusby, George Daugherty and John Esterly.

BENEFIT SOCIETY PICNIC

Members of the Mutual Benefit Reading circle are holding their annual picnic today at La Ramada.

Five Candidates For Council Are Indorsed By Municipal League

Editor The Evening News: During the past five or six weeks there has been under discussion the advisability of organizing the voters of Glendale who believe in the principles of a business administration for a bigger and better Glendale, with the final organization of the Municipal league. This league has adopted for its principles the following resolutions:

Believing that the city of Glendale should be a mutual association for the benefit of all its citizens; that a majority of the stockholders in the city government, meaning thereby all the voters of the city, should decide all the public issues and that city business is real business, we have formed a Municipal league for the purpose of indorsing candidates for the office of city council whom we believe represent these ideals and will be public service business builders for a greater Glendale, and will work for their election.

With the above principles in mind and with a view of selecting candidates who represent the principles as laid down by the Municipal league and also with the idea in mind of selecting candidates from the various locations in Glendale in order that each district will have representation in the city affairs, we are indorsing the following candidates: Howard L. Walker, W. B. Kirk, Ann P. Bartlett, C. H. Muhleman, H. W. Yarick.

WM. McMILLAN, Secy.
R. F. KITTERMAN, Chmn.

Locals And Personals

The entertainment committee for the Christian Endeavor convention met for a business meeting last night at the Christian Endeavor headquarters, 130 South Brand. Mrs. C. C. Stoler is chairman of this committee and she explained to the captains of the various teams for canvassing just what their duty will be.

Mr. and Mrs. T. J. Keleher, 528 North Louise street, and daughters, Virginia and Geraldine, motored to Riverside Sunday for a picnic. They were accompanied by Mr. and Mrs. Will Read and son, Billy, and Mr. Reid's mother and sister, Mrs. Read and Miss Read of San Francisco. They took a ride up Mt. Rubidoux and had a very enjoyable time.

Mr. and Mrs. A. P. McBoyle of 369 Milford street entertained over last week-end Mr. and Mrs. A. L. Harchelrode and daughter, Lola, of Downey. The Harchelrodes left Monday by automobile for Idaho, where they have farm interests and where they will spend the summer. They will camp out along the way. Mr. and Mrs. McBoyle received word from them yesterday stating that they had been pushed off the Tulare grade and smashed their machine top and windshield, but escaped injury to themselves. After a few hours' delay they were on their way again.

Miss Barbara King Is Hostess To Classmates

Miss Barbara King of 214 North Belmont street entertained the girls in her class at school with a delightful party yesterday afternoon at her home. The afternoon was spent in games and the girls all had their pictures taken. Refreshments of ice-cream, cake and candies were served to about 23.

Those who enjoyed Miss Barbara's hospitality were: Louise Barwerk, Irene Nickell, Jane Criswell, Christene Vohey, Ruth Olson, Adrienne Lawerence, Helen Gilkerson, Edith Wintersgill, Jean Lyans, Dorothy King, Margaret Isitt, Mabel Harrison, Helen McCormack, Mildred Fife, Dorothy Clarke, Ruth Mercer, Florence Brown, Corinne Waters, Ruth and Esther Edmonds, and Evelyn Harris and Louise Daugherty who assisted the hostess.

Legion Benefit Will Be Feature Tonight

Tonight the American Legion sick fund benefit, program in other columns, is the attraction at the Palace Grand theatre. Tomorrow night Marcus Loew's vaudeville comes as a special feature of the Turner, Dahnken & Langley service. Five big time acts—the same which tour from coast to coast—will be seen with the support of the orchestra and usual film numbers.

A swimming carnival, with an exciting game of water polo as one of the events, furnishes the background for some of Bebe Daniels' most delightful comedy scenes in "Two Weeks With Pay," the feature photoplay.

TO JOURNEY BY AUTO

Mrs. Sarah B. Stewart and son, Charles, of 817 North Louise street, will leave Saturday morning by automobile for Chehalis, Washington, which is their home. They will spend the summer there. Mrs. Stewart will also be accompanied by two lady friends from Pasadena.

CATHOLIC MEN TO MEET

A meeting of the men of the Holy Family Catholic church will be held at 8 o'clock Friday evening at the home of Rev. Father James S. O'Neill, 827 East Lomita avenue.

LODGE OF ELKS IN IMPRESSIVE FLAG DAY SERVICES

Large Crowd Is Present At Club Rooms Last Night; W. I. Gilbert Talks

(Continued From Page 1.)

more members to the board of direc- who delighted the audience with his rendition of "The Home Road."

Reads History of Flag

In order that those present might have a better understanding of the meaning of the celebration and profit by its lesson, Exalted Ruler Priest requested Past Exalted Ruler Cameron D. Thom to read from the ritual of the lodge the history of the flag. It may be of interest to note that the order of Elks was the first and is the only fraternal organization requiring the celebration of flag day in this country, the same being mandatory.

G. A. Dockeray, esquire, was then instructed by the exalted ruler to construct upon the altar the floral bell of liberty, with the assistance of the proper officers, who put in place the foundation of the bell, a wreath of red roses, the color signifying courage, loyalty and devotion, the central part of white lilies, the color signifying the dominant virtues of charity, truth and justice, and the crown of blue violets, the color signifying justice, brotherly love and fidelity. Across this bell was placed a bar of greenery through which was seen the thirteen stars.

After the bar had been put in place the tolling of eleven bells was heard, reminding those present of their absent brothers, as is customary in Elks' circles. The orchestra then played "Aulde Lange Syne," with the entire audience joining in singing.

The next number on the program was a selection of popular airs by the orchestra. This was followed by a recitation, "The National Flag," by Miss Evelyn Hunt.

W. I. Gilbert Is Speaker

The speaker for the evening was W. I. Gilbert, a member of Los Angeles lodge No. 99. In his address Mr. Gilbert emphasized the power of the flag and love of country.

"As a human race," he stated, "we have been creatures of symbol. Whether because of lack of language in the past, all expression of human emotions followed symbols. The flag is symbolic of the American people. It is one thing that makes everyone unselfish. The flag has a peculiar effect upon the mind. When the flag is forgotten the nation will crumble. It is not because of the arrangement of stripes, the number of stars or the colors used in the flag, but because of it being the symbol of the government of the United States that it has for years in the past and will for years to come mean equal rights for all and special privileges to none."

Mr. Gilbert also emphasized the importance of instilling love of country and flag in the children in the schools of this country. He further stated that the flag is not only a national emblem but also every citizen's guarantee of home and country.

The program concluded with the singing ensemble of "America," with orchestral accompaniment.

ORPHEUS CLUB CHORUS, ZOELLNER QUARTET TO BE HERE JUNE 24

ZOELLNER QUARTET

Which will be here with the Orpheus club chorus on Friday night, June 24, to aid the local Christian Endeavorers in financing their part of the state convention.

Bringing to Glendale the Zoellner quartet and the Orpheus club chorus for a great pre-convention concert on Friday night, June 24, the local Christian Endeavorers are paving the way with the proceeds from this event to successfully finance their part of the state conclave which opens Saturday, June 25.

Music critics declare this to be a supreme achievement in the way of a happy combination of chorus and instrumental music—a program the like of which has never before been offered in Glendale. Tomorrow will open a concerted drive by the young people to sell out the 4,000 seats of the enlarged tabernacle at popular prices.

The Zoellners have played in many European centers of art and after many appearances at the royal residence in Brussels were decorated by the mother of King Albert of Belgium, then the countess of Flanders. This quartet also has played in practically every important city in the United States and Canada during the last eight years, approximately 1,000 audiences having heard their wonderful work.

The history of the Zoellner quartet reads like a novel. Like all artists they found their path a narrow one with disappointment and deprivation. Not for a moment, however, did they lose sight of their life dream, which was at last realized when the musical world, both in Europe and America, finally welcomed their organization as one of the greatest string quartets of this day.

Little wonder, then, that reference is made to them as "something unique in the annals of chamber music organizations," or that critics rhapsodize in the glowing terms of their "unparalleled ensemble, exquisite perfection of tone shading and marvelous unity of spirit." They are one of the most potent factors in widening the appreciation of the best in music. You will enjoy hearing them in this joint appearance with the Orpheus club.

Seek New Witness In Daniel F. Kaber Case

CLEVELAND, O., June 15.—Police today were looking for a man not previously mentioned in the Kaber case.

This man, police believe, can give them information regarding an alleged attempt to kill Daniel F. Kaber about a year before he was murdered, July 18, 1919.

"A woman who came to my home around midnight furnished me with positive information regarding an attempt by Mrs. Kaber to hire this man as an assassin," County Prosecutor Stanton said today.

According to Stanton, the woman also informed him that she had positive information that on the day of the actual murder Mrs. Kaber drove in from Cedar Point and personally directed the assassins into the Kaber home, where they remained until Marian McArdle, Mrs. Kaber's daughter, gave the signal that the "coast was clear" by dropping water from an upstairs window.

Mary A. Bryant, Age 77, Taken By Death

Mary A. Bryant, aged 77 years, passed away June 15 at the home of her daughter, Mrs. Hattie Gillies, 117 South Belmont street. Deceased had been a resident of Glendale for sixteen years and had many acquaintances here. Funeral services will be held at the parlors of the Jewel City Undertaking company Friday afternoon at 2 o'clock, interment at Grand View cemetery.

A beautiful young lady got out of a magnificent limousine the other night and entered the Metropolitan Opera House.

The young lady had recently been the heroine of a terrible scandal and as she settled herself gracefully in her box, her gorgeous pearls sent a murmur of admiration through the auditorium.

"The woman pays—yes, but she frequently manages to get a great deal of change."

Speakers included Governor W. D. Stephens of California, Mayor James Rolph of San Francisco, Vernon Hall of Dallas, Texas, Joseph J. Scott of Los Angeles and W. F. H. Koelsch of New York.

Pocket Polo Latest; Philly Not So Slow

PHILADELPHIA—If a German immigrant approaches you on the street and asks if you would like to "play the horses' or try roulette, do not get the impression that the war or disturbances of his native land have affected his mind. He is perfectly rational and probably just wants to have a little session with the "pocket ponies" and pocket roulette wheel—all combined into one device.

Police here have in their possession a set of "pocket ponies" and the miniature roulette wheel. The gambling device comes in a case slightly larger than a large watch. Police say the instrument was made in Germany. There are six "ponies" on the dial, or where the dial of a watch ought to be, and a tiny red flag where the "stem" is. Each places his bet on a certain number, a string is pulled and the "horses" are off. When they stop the one nearest the red flag is the winner.

For roulette there is a circle three-sixteenths of an inch wide on the outer edge of the dial. The gambler bets on his favorite number, the wheel is spun and the number nearest the red flag takes the money.

CLEAN-UP DAY IS GIVEN BIG BOOST TO 'DEAR KATIE'

Secretary Rhoades Of Local Chamber Of Commerce Proves 'Congenial'

Glendale, June 15, 1921.

Dear Katie: Last night I saw a artikle in The Glendale Evening News which said as how Glendale was goin to have a clean-up week one day next Tuesday.

Well, a word to the wise is useless, Katie, so I decided to look into the matter myself.

This A. M. I got up early as usual. The early bird catches the worm, you know, but I can't say as how I like the darn things.

I decided to get a interview with the Sec. of The Chamber of Commerce and ask him who was goin to clean-up in Jersey City on July second.

Well, I wanted to get a hair cut and my neck shaved and clean-up a bit for my interview, but the barber shops was all busy so I couldn't get no hair cut.

So I started for the Chamber of Commerce, but I didn't have much nerve for the event. But I walked right in with my heart a hittin on all six and I had my hat in one hand and my visitin card in the other. A pleasant lady come up to me and she says what do I want, and I got kinda flustered and I was still thinkin about my hair cut so I says to her are the barbers all busy?

Rhoades Awful Polite

Well, she looked at me kinda skared for a minute, like she was thinkin I must be a little off and I begun to think so myself.

Well, then I tried to laugh off my awful blunder like it was a joke, and I asked her, could I see Mr. Rhoades. So she said yes and there was Mr. Rhoades at his desk.

Well, Katie, Mr. Rhoades was awful polite to me and he had a smile like the San Francisco mint on his face. I went up to him and handed him my hat and he took it and set it on his desk. Then he says sit down and what could he do for me?

Well, Katie, for a minute I sit there aghast at what I had done. I had give him my hat instead of my visitin card.

Then I started to begin as how I was a striving reporter and I had come to ask him has he got any news for my paper about the society cleaners. He smiled and looked out the window a minute at the roarin traffic on Broadway and then he says as how there is too much rubbish in our alleys. He says there is rags and tin cans and suspicious lookin bottles layin around that's got to be cleaned up before the coming events get here.

Town All Mussed Up

Well, Katie, I was surprised. Here in all my letters to you previous to the past, I been tellin you as how Glendale was a spotless town and as clean and white as my $2.00 silk shirt.

And here I found as how the town is all mussed up. Well, I aint to blame anyway, cause I aint been writing no interviews in the back alleys of Glendale and I didn't know nothin about it.

But I told Mr. Rhoades as how its a long alley that aint got no garbage can anyway. He says of course people have been so naturally busy that they have got kinda careless, but I guess everybody wants Glendale to be spick and span when we have visitors. Tuesday and Wednesday the rubbish will be taken away free of gratis. After that the people will have to pay. So he says DO IT NOW.

Well, Katie, I had a nice interview with Mr. Rhoades. When I got ready to go I got up gracefully and knocked a book off his desk, but he just smiled kinda congenial and he give me back my hat. And he told me to come again.

Well, then I come home and I spent the rest of the day in cleanin up our back yard and I put all the old paper aand trash in a nice pile in our alley, includin them ear muffs which you sent me for Christmas. I will write again soon, Katie, but I don't know what it will be about. I'm like the garbage can, you know, I have to take anything they give me.

Yours, till the last clean-up,
E. C. HALE.

'Big Tim' Murphy Is Deserted By Friends

CHICAGO, June 15.—"Big Tim" Murphy, Chicago's labor "czar," was deserted by his friends today and forced to stay in jail in default of $100,000 in bonds.

Murphy, president of the Gas House Workers' union and organizer of several other powerful organizations, is charged with participation in the $325,000 Dearborn station mail robbery. Murphy today repudiated his alleged confession of yesterday.

"Yes, they found $112,000 in bonds and money in my father-in-law's house," he said. "But I was just holding the sack. I wasn't mixed up in the job—just took care of the money for the birds who said I was the 'brains' of the gang."

Vincezno Cosmano, arrested with Murphy, maintained traditional Italian silence.

MAKE INCREASE IN DIRECTORATE FOR TUESDAY CLUB

Mrs. O. E. Von Oven, Mrs. A. P. Findlay, Miss Eva Daniels Elected By Members

(Continued from Page 1.)

tors. At this time a motion was carried to the effect that nominations be made verbally at this time and balloted on. As a result the three new directors elected by the members were as follows: Mrs. O. E. Von Oven, Mrs. A. P. Findlay and Miss Eva Daniels.

A letter was read from A. D. Pearce, attorney, advising the method of procedure to be followed in raising money for the building of a new clubhouse, he recommending the issuance of loans rather than bonds. This is the method which was used successfully by the Glendale lodge of Elks in financing the construction of their present clubhouse. This letter was accepted and placed on file, to be taken up for consideration at some time in the near future.

Talks About Clean Pictures

Mrs. Hutchinson then introduced A. Lincoln Hart, founder of the Ethical Motion Picture Society of America, who stated that the purpose of that organization was to promote clean, wholesome and purposeful pictures. He spoke of the motion picture as being the marvel of the age as to its rapid progress and emphasized the wonderful possibilities of the motion picture for evil or for good.

Mr. Hart told of the chapter of this organization which is to be formed in Glendale and referred to Secretary Rhoades, of the Chamber of Commerce, for further information regarding the same. On account of limited time Mr. Hart just briefly sketched the aims and objects of this society, which has been indorsed by the Chamber of Commerce of this city.

Mrs. C. H. Temple then stated that an appeal had been made to the ladies of the Tuesday Afternoon club to assist in serving the many delegates who will attend the Christian Endeavor convention and asked for the donation of 650 boxes of lunch for June 27. She suggested that fifty ladies offer their services as captains, each to secure fourteen boxes of lunch. This suggestion met with a hearty response from the club members.

Concert Pianist Pleases

Ann Thompson, concert pianist of world-wide reputation, was then introduced as the soloist for the afternoon. She was very charming, indeed, in quaint colonial costume. Her program consisted of the following numbers:

"Dance No. 3" (Beethoven).
"Azalia" (Beethoven).
"Minuet" (Paderewski).

Pianologues and stories of the south, including "Cushville Hop" and "Juba."

"Etude in D Flat" (Liszt).
"Arrangement of Wedding March" (Mendelssohn).
"Flute God" (Grunn).
"Rain Ceremony" (Grunn).
"Betty's Music Box" (Bond).
"Valse Brilliante" (Zucca).

C. H. Henry Answers Letter From League

C. H. Henry, member of the board of city trustees and candidate for election to the city council under the provisions of the city charter, recently adopted by the voters of Glendale, has sent the following letter to the Good Government league, which dispatched questionnaires to all of the candidates for the city council:

Glendale, Cal., June 14, 1921.
Glendale Good Government League,
Glendale, California.:

Gentlemen: In reply to your questionnaire I would say that in my opinion the best possible qualifications for the office of councilman is his past record, regardless of his length of residence or religious views.

I have had the honor of serving the city of Glendale and the city of Tropico in the office of trustee for more than seven years, and during this time such important steps have been taken in civic development as to attract the attention and earn the respect of the entire state. As a city Glendale ranks among the highest and this is in a great measure due to the efficient manner in which her affairs have been handled. It has not been possible to please every individual nor set of individuals but our reputation as a progressive city is ample testimony that our city business has been properlly handled.

If my record in office and my knowledge of the city's business warrants the approval and support of the people, I shall be glad to have it, but as far as any pledge is concerned I can only point to my record and say that if elected there will be no change from the broad American policies I have always stood for and which are plainly and unmistakably reflected in my record.

Yours very truly,
C. H. HENRY.

New Shipping Board Takes Responsibility

By RUSSELL BROWNING
United Press Staff Correspondent

WASHINGTON, D. C., June 15.—With the swearing in today of the newly appointed United States shipping board under the chairmanship of Albert D. Lasker, the initial step in the liquidation of the three billion United States mercantile marine was taken.

The first action of the board was to place $2,250,000,000 on the debit side of the ledger and draw a red line through the figures. This represents the depreciation in the cost price of the 1,708 government owned vessels and the remaining figures, 750,000,000 will serve as an approximate disposal for the ships.

Lasker announced that he and his colleagues on the board would energetically tackle the problem of stopping leakage of taxpayers' money into the upkeep of the marine, which is now flowing at the rate of over $2,000,000 per week.

The plan the board is expected to follow and which is said to have the approval of President Harding is to seek purchasers for the ships among lines and ship owners who will keep the vessels under the American flag.

The $33,000,000 venture in wooden ships is looked on as virtually a total loss. Ships that cannot be sold as ocean bottoms will be junked, it is said.

New Tax Bill May Be Postponed Again

By L. C. MARTIN
United Press Staff Correspondent

WASHINGTON, D. C., June 15.—Tariff legislation will keep congress busy until October.

The new tax bill may go over until next session.

This was the answer today of congressional leaders to President Harding's clearly expressed wish that the house and senate would concentrate on tax and tariff laws and then go home.

Chairman Penrose of the senate finance committee in discussing this question, expressed the fear today that the injection of politics into tax and tariff debates would seriously delay final enactment of the two measures, which President Harding said yesterday, constitute the work for which he called the present extra session.

"I am going to do everything I can to keep politics out of it," said Penrose, "and I expect democratic leaders to do likewise. There should be no politics in consideration of a tax bill. It may be impossible to avoid it in considering the tariff, because there are two schools of thought, the protectionists and the tariff for revenue ideas."

REVENGE

"Mr. Shepherd, your daughter has promised to marry me."

"Humph; she said she'd get even with me when I refused to get her a Pekingese pup."

OH, SHAME!

Ned Graham—I've got the real thing in men's hose.

Student—Why, you chump, the real thing is never found in men's hose.

IT COULDN'T HAPPEN HERE

Two men riding in a tramcar were both intoxicated.

First Man—What time is it?

Second Man (after extracting a matchbox from his pocket and gazing at it intently)—Thursday.

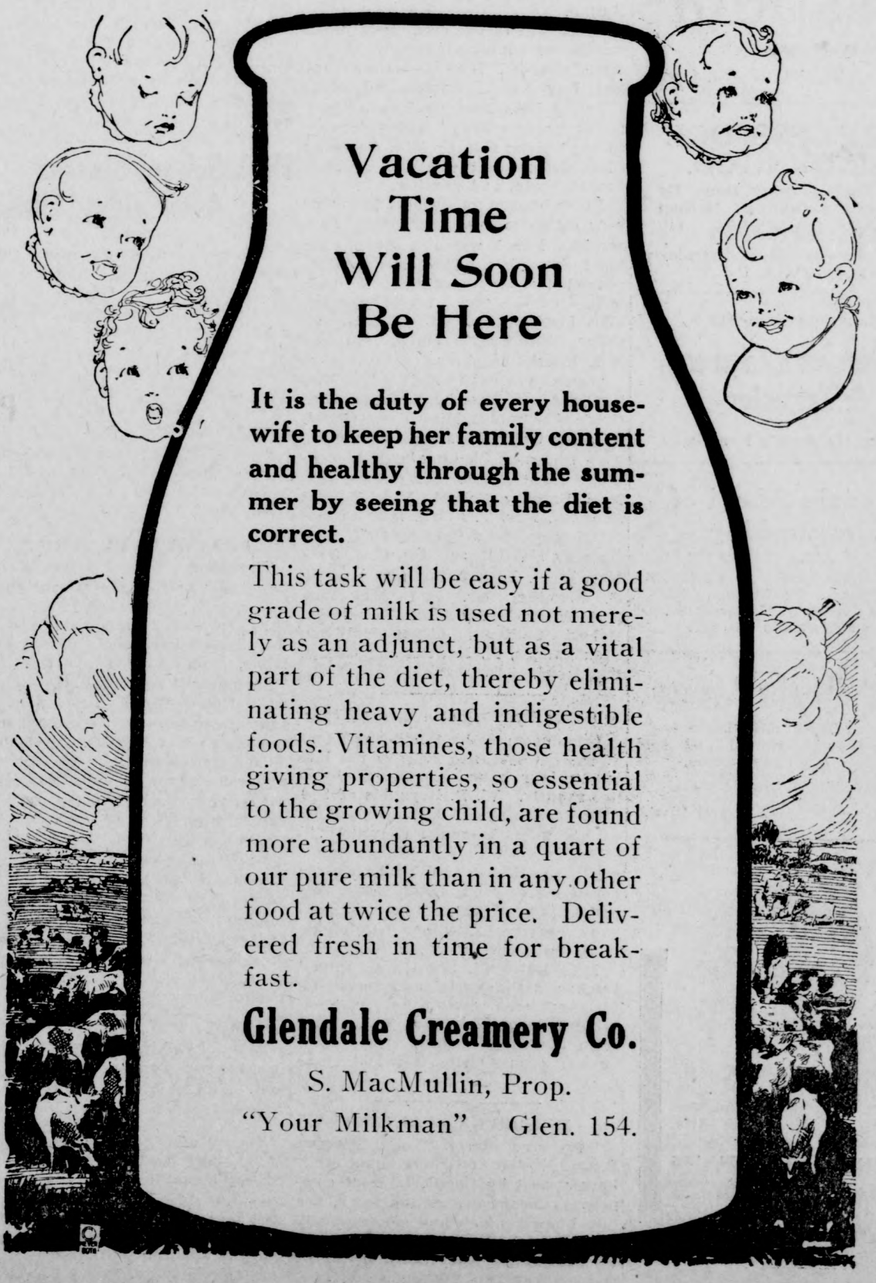
First Man—Heavens! Then I've got to get off here.

Chinese are said to be the most honest people in the world.

NEEDED A REST

"Well, well, well!" exclaimed Farmer Mowler, "and how in the world did that husband of yours ever get it into his head to go to congress?"

"It was the doctor's idea," replied the annual summer boarder from the city; "he thought John was working altogether too hard and needed a rest."



Vacation Time Will Soon Be Here
It is the duty of every housewife to keep her family content and healthy through the summer by seeing that the diet is correct.
This task will be easy if a good grade of milk is used not merely as an adjunct, but as a vital part of the diet, thereby eliminating heavy and indigestible foods. Vitamines, those health giving properties, so essential to the growing child, are found more abundantly in a quart of our pure milk than in any other food at twice the price. Delivered fresh in time for breakfast.

An OPEN LETTER with SEVEN QUESTIONS.

To the Ministerial Association of Glendale, members of the Federated Brotherhood, and others:

I am writing an open letter to secure some information about your attitude to the matter of closing the theatres in Glendale on Sundays and thus initiating the beginnings of religious legislation in our city. This letter is purely personal and not indited by any church or organization, and I want it understood that I am solely responsible for it.

Will you not answer the subjoined questions, preferably in the newspapers of Glendale?

We agree on many things, fortunately! For instance, we are solid on the great fact that America is a good country to live in—you, probably, because you were born here; and I because I found that in this wonderful country I could work my way through medical school; and having done so, found it too good a place to leave. We are also agreed that Glendale is a good place to live in, and, naturally, we all are filled with a lively desire to make it "the best city in the United States."

We don't want to do a single thing to militate against this, do we? Hence this letter. As a citizen of Glendale, and one interested in its progress, I ask you the following questions:

1. If America is indeed a land of freedom and liberty of conscience, why enact laws or even establish local ordinances to curtail this freedom?

2. Since religion is conceded to be a matter of conscience and individual choice, why the need of laws to enforce or establish it?

3. Apparently some good folks, including many of yourselves, want to get further recognition of Sunday as "the Lord's day" by enactment, and want to enable the people to keep it more sacred **by law**—as you are followers of Jesus who called Himself "the Lord also of the Sabbath day," tell me why He did not **force** folks to keep it; or, for that matter, why God Himself did not **make** Adam obey Him in the garden? Why were these things left as pure matters of conscience when God could just as well have **insisted** instead of giving man the privilege of **selection?**

4. What do you think the First Amendment to the U. S. Constitution really means when it says: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof;" etc.? Is not this a clear-cut and decisive denial of the right of a Church to unite with the State and thereby secure the latter's aid in carrying on its work?

5. If you as ministers of the Gospel of Jesus Christ, and your associates, cannot succeed in accomplishing those things expected of you, why not substitute "prayer and fasting" for the policeman and the law courts?

6. It happens that I prefer to believe the Bible in regard to the Sabbath day, and disagree with you as to Sunday being "the Lord's day." Since the Constitution guarantees me freedom in religious matters as well as freedom of speech or of the press (all in the First Amendment), have I not the right to believe as I do just as you have? And has not any other individual the same right? If so, why attempt to involve the Glendale City Council, or its prospective members, or the Legislature of the State of California or the Congress of these United States in the abridgement of this inalienable privilege?

7. And finally, what did the Lord Jesus really mean when He said: "Render unto Caesar the things that are Caesar's, but unto God the things that are God's?" Was it not that those to whom He was talking, as well as we who still are permitted to listen to His wondrous words through the Bible, are enjoined to make a distinction between our duty to the constituted authority of our land and our responsibilities to God? Why is not this immutable principle just as true today as it was 1900 years ago?

As I see it this issue is much more important than appears on the surface. It is not merely a local, civic matter. If the theatres are closed on Sundays it will be an entering wedge for other religious legislation **and religious legislation always has meant religious persecution.** Remember the Christians in Rome; remember the Waldenses; remember the Inquisition; remember the times of Oliver Cromwell; remember the Scotch Covenanters; remember the Huguenots; remember even the Puritan fathers and their so-called "blue laws" about which we hear so much, and then tell me and those who will read this letter and are interested in "real Americanism for Americans," why the above contemplated movement, whether before us right now or later on, would be to the benefit of our community.

THREE ROBBERIES REPORTED

Guns seem to be the desired loot of thieves operating here in the last twenty-four hours, according to police reports. W. P. Reynolds of 800 East Palmer avenue states that a .22 caliber rifle, 16-gauge shotgun, .45 caliber revolver, one Lugar automatic, one kodak and an Eversharp pencil have been taken from his home. The Taylor Furniture company reports a .22 caliber rifle stolen from their show window.

Miss Edith M. Short, a school teacher in the Euclid avenue school, Los Angeles, reports a suit box containing several dresses was stolen from her while coming to Glendale on a Pacific Electric car last evening.

IN MODERN QUARTERS

Tom and Jerry, Tony, Sleeping Beauty, Nellie and Maggie and other horses used by the R. L. Kent company in local construction work, are now housed in new and modern quarters at the lumber yards and mill of that concern, at Harvard and Cherry streets near San Fernando road.

Veterans' Daughters Planning For Dance

The Mary Jane Gillette Tent, Daughters of Veterans, met last night at the Odd Fellows' hall, corner Brand and Broadway.

Reports were read by the different members and plans were discussed for a dance which will be given June 28. It will be given at the Odd Fellows' hall and Herb Henning's orchestra will furnish the music.

Comrade Robert Taylor won the quilt which was made by the Daughters and feels quite proud of it. The Daughters made $10 from this one quilt.

Do not pour out a ceaseless stream of "don'ts" to children. Give them a liberal sprinkling of "you may do this," or "you may do that." The best way to keep children from doing what they should not do is to point out the innocent, wholesome things that they may do.

Wins Fortune; Might Buy Little Automobile

LONDON—Captain Albion Jones, D. S. O., sat in his office at the Union Castle steamship company and his greatest interest was in seeing that the ship Llan Stephens was properly painted.

In his pocket he had a crumpled ticket on the great Calcutta lottery, which is gigantic lottery pool gambling on the winner of the Derby at Churchill Downs.

Excitedly a subordinate rushed unceremoniously into his office.

"Cap'n, please, sir. 'Umorist wins and you get sixty thousand blinkin' quid."

"Never mind about Humorist," said the captain. "Is the Llan Stephens painted yet?"

That is the story of how the latest British hero, a wearer of the Distinguished Service Order cross received the news that from an investment of $3 he had won a fortune amounting to $300,000.

Captain Albion Jones did not want to buy the ticket. He took it from an ex-sailor who had been in his employ and who, having fallen on hard times, had taken to selling lottery tickets on the Calcutta Sweepstakes on commission.

"I never made a bet in my life before," he said in an interview after he had been informed that he had truly won the sum. "I just took the ticket for fun to help a man out. I forgot all about it until I was told that Humorist had taken the Derby and that I had the winning ticket. Then I thought I had lost or torn up the ticket. But I hadn't. I had no idea how much I should win.

"Well, I've held my job for twenty-four years, and I'm not going to quit now. I told my wife I had won a little money, and that if she wanted she could buy us a two-seated car."

NO OFEENSE MEANT

Senator Elkins' decision to do the honors for the pages reminds many senate attaches of the deep interest his father, Senator Stephen B. Elkins, took in the young men employed around the senate, frequently making it a point to ask individuals about how they were getting along.

One day this Senator Elkins met a young senate employe who had attracted his attention before.

"Well," he said, "how are you getting along, young man? Are you doing anything for yourself outsde your work here?"

"Oh, yes," sad the young fellow, "I'm studying for the ministry."

"The hell you are," said the astonished senator.

Berth control seems very wicked to the amateur traveler who discovers that the hotels have cinched reservations for the convenience of their patrons.

PROVED IT

"Whenever I see Gangels I am reminded that the good die young," said a business man one day.

"But Gangels is over seventy," said his friend.

"Exactly," was the reply. "That is just my point."

TRUE DEMOCRAT

The speaker was energetically orating in behalf of a candidate for congress. "What we want," spoke up a man in the audience, "is a man from the common people, not one of those dudes that know nothing but how to wear a long-tailed coat."

"And that is just exactly what my candidate is," the speaker came back; one of the common people. And by no stretch of the imagination could you call him a 'dude.' Why his idea of dressing up is to button his vest.

CALIFORNIA FEARED IN REGETTA AT POUGHKEEPSIE

Navy And Columbia Picked To Win, But Bear Boys Are Dark Ones

By HENRY L. FARRELL
United Press Staff Correspondent

NEW YORK, June 15.—Around these parts they figure that the supremacy of the water rests between the great Columbia crew and the world's champion navy eight.

However, the handsome big California crew is going to have something to say when the pick of the year sweep down the Hudson at Poughkeepsie on June 22.

No one believes it more than Ensign Jacomini, who was pulling an oar in the navy shell when it went to a world's record, winning the championship at the Olympic games last summer.

Jacomini was sent down from the Naval academy to look over the Californians when they raced Princeton. He saw the big sturdy Pacific Coast shell lose by a length and a quarter, but he said:

"California's the crew we have to beat."

Over a three-mile distance, Navy, Columbia, Cornell, Syracuse and Penn will find that big, strong, smooth-pulling crew a hard outfit to beat. It's a poor sprinting crew, but it has the strength to set and keep a terrific pace in a long race.

Princeton Not Competing

Princeton, with a rowing policy against more than two miles, will not compete for the championship at Poughkeepsie. Nevertheless, the Tigers, from Coach Speath down to the meekest freshman, are claiming the championship for Heinie Leh's crew.

Princeton, fortunately, had two great crews. Leh's crew started as second varsity but showed such surprising form that it replaced Capt. Creswell's first varsity.

Creswell's crew rowed against Columbia in the Childs' cup race and was defeated handily. Thereupon Princeton smiled and said:

"But that was not Princeton. It was the second crew. Our first crew never was defeated."

Regardless of whether Columbia beat the first, second or third crew, it was entered as a Princeton crew and carried the Tiger colors and the defeat was a defeat for Princeton. The Tigers were beaten by Columbia and the impression remains that the New York university could have beaten and can beat anything Princeton has in a shell.

It's Open to All

In football, any university can get away with a claim for a championship, but in rowing—no. The Poughkeepsie regetta is open to all. Any university or college crew can compete for a legitimate recognized championship.

The winner of the Poughkeepsie regatta will be the champion. If California wins, California will be the champion.

The championship race this year should be the greatest in history. Columbia, Navy, Syracuse and Cornell are priming crews just for that race and that distance and California looks awfully dangerous.

'The Money Changers' At Glendale Theatre

Powerful, thrilling and, in the same breath, tender, exquisite, can truthfully be said of "The Money-Changers," which began its two-day engagement at the Glendale Theatre yesterday. It is Benjamin B. Hampton's newest, and we think, his greatest production. He and Upton Sinclair wrote the story around a theme contained in Mr. Sinclair's novel of the same name.

The picture commands interest at the very start, quickly plunging into the story, which introduces characters in New York's high society and then shifts to Chinatown. There we see the link between the upper and under worlds.

To expose the drug gang is the ambition of an alert young newspaper reporter, whose articles have caused a falling off in sales and thrown fear into the ring's leaders. The action leads fast and furiously up to a climax that for thrills and suspense sets your blood pounding and your nerves throbbing. It stirs your emotions to fever heat.

"Big Game," a Rolin comedy, and the Pathe Review complete the large evening's entertainment offered by the Glendale Theatre for the last times.

THE DIFFERENCE

Oswald Garrison-Willard, the famous New York reformer, complained at a vegetarian banquet about the materialistic quality of the age.

"When I was a boy," he said, "and a young fellow would be starting out to seek his fortune, his mother would say to him with tears in her eyes:

"'Be good, be good.'

"But the mother of today in the same circumstances slaps the young fellow on the back, blows a cloud of cigarette smoke in his face, and says:

"'Whatever you do, make good.'"

MANY IN SAME BOAT

John Hays Hammond is one of the richest men in the world, and a tax collector tells a good story about him.

The collector called on Mr. Hammond one day on the subject of income tax, and Mr. Hammond, after his income tax had been computed, said:

"Look here, I guess I'll keep the tax and let you government people keep the income."

No doubt Korfanty has uneasy moments when he remembers what happened to the Russian generals France backed.

An optimist is one who thinks that New York house of poets will be a house of correction.

Reports Are Submitted On Miners' Condition

By J. L. O'SULLIVAN
United Press Staff Correspondent

DENVER, Colo., June 15.—Bituminous coal miners were the greatest sufferers from the wave of unemployment which swept the country, according to delegates attending the annual convention of the American Federation of Labor in session here.

A large proportion of the soft coal miners have been working only a few days each month since the coal business was hit by the industrial depression. Many have been unable to find any work.

The condition of practically every other industry reflects back on the coal mining business, William Green, secretary-treasurer of the United Mine Workers of America and a member of the executive council of the American Federation of Labor, declared in an interview with the United Press.

As other industries closed down, the demand for bituminous coal was gradually shut off. Bituminous coal is largely for domestic usage and the demand for that grade has held up well. Green spoke feelingly of the financial plight of many men in mining camps who have not been working and who have encountered great difficulty in earning enough money to supply themselves and their families with food.

Recognition of the troubles of the coal miners in Mingo county, West Virginia, was taken by the convention when it passed the resolution presented by John L. Lewis of the United Mine Workers of America urging the senate to adopt the Johnson resolution providing for an investigation into the miners' situation in West Virginia. Green described how these miners joined the union in a body and how the next day the miners were locked out.

Vaudeville Saturdays At Glendale Theatre

Manager William A. Howe of the Glendale Theatre announces that he has signed an indefinite contract with Meiklejohn & Dunn of Los Angeles to play their vaudeville road show every Saturday matinee and two evening performances, commencing Saturday, June 25. Regular prices will prevail with the exception that children will have to pay full admission at the evening performances.

Mr. Howe also has ordered an Argus crystal bead screen for the perfect projection of films shown in his theatre. The screen is made of crystal beads and weighs nearly a ton. It is being shipped from Cleveland, Ohio, and when installed it will provide the most efficient service any theatre in the world can obtain.

GIVE IT TIME

Mr. Hindleton appeared at his neighbor's door one evening in a towering rage and uttering fierce threats against his neighbor's dog, Pongo.

Vainly the neighbor tried to explain that Pongo was only a puppy.

"It belongs to Johnny," he said, "and it would break his heart if anything happened to it. I think," hopefully, "that its manners will improve."

"Manners!" repeated Hindleton. "I'm not complaining of its manners, but its nature. After it had jumped all over me it bit the back of my leg."

"That's as far as it can reach," broke in Johnny, in a wounded tone. "You don't expect a little pup like that to bite a big man like you on the neck?"

Urges French Girls To Get U. S. Hubbies

PARIS—Following out the idea of Prof. Paul Carnot of the Academy of Medicine, a group of French women have founded a magazine called Marriage, the object of which is to bring about the wedding of French girls to Americans.

A recent number advises French girls to go to the United States if they cannot find husbands in France. From experiments conducted by Prof. Carnot it is asserted that when international marriages fail it is generally the fault of the girl, who does not attempt to assimilate the customs of her husband's country.

Europe should keep as far away from war as it possibly can get.

RESTORED TO GRACE

Mrs. Gilbert K. Chesterton, the wife of the English humorist, was talking about the rather ultra suits worn by the Florida girl bathers.

"I like these swimming suits," she said, "when they are worn by girls who are beautifully built. Too often, though—"

Mrs. Chesterton shrugged her shoulders.

"Too often you are reminded down there in Florida of the girl who said to her pastor:

"I am afraid I must confess to one sin—the sin of vanity. Whenever I pass a mirror in my swimming suit I can't help thinking how beautiful I am.

"'Oh,' said the pastor, with a wave of his hand, 'that isn't a sin. It's only a mistake.'"

Drives Train 37 Years; Enters Auto And Hurt

DUBUQUE, Ia.—With thirty-seven years of service as a railroad engineer without a blemish, scratch, or wreck to mar his record, D. M. Schaffner of Dubuque is in a local hospital as a result of injuries he sustained while entering the automobile of his son-in-law. Mr. Schaffner sustained a shattered kneecap. One of the steps of the automobile was covered with a strip of rubber matting extending a little over the edge. Stepping with his heel upon the unsupported portion, he fell.

To cover expenditures this year, France must borrow 32,000,000,000 francs.

District 2, between Brand boulevard and Adams, and Colorado and Acacia. Captain, Mrs. King, 215 East Lomita. Phone Glendale 644-R.

Annual Gathering Of Librarians At Tahoe

TAHOE, Calif., June 15.—Establishment and enforcement of educational standards for librarians were the subjects being considered by members in attendance at the twenty-sixth annual meeting of the California Library association here.

A plan for the voluntary certification of all librarians similar to the system now established for county librarians and school teachers was presented at the morning session by Charles S. Greene, librarian of the Oakland public library and chairman of the association committee on certification.

The plan calls for a certification committee of five members to be appointed by the president of the association, which committee would have power to establish grades of certificates to those qualified.

Shoes--All Kinds--On Display At Convention

SAN FRANCISCO, June 15.—Shoes of all sizes, shapes and prices were displayed when shoe men from eleven western states opened their three-day convention.

Shoes ranged from $1.50 bootees for babies to a $15,000 diamond studded creation for—well, who wants it.

Referendum Petitions Planned Against Bill

SACRAMENTO, June 15.—Referendum petitions to defeat senate bill 21, known as the "lawyer's union" bill will be started here soon, it was learned today. The measure, which was signed by the governor, prohibits trust companies and banks from giving legal advice to clients.

LIKES 'EM LIT UP?

Mrs. Clare Sheridan, the Anglo-American sculpfor, was talking in New York about Dublin's 9 o'clock curfew law.

"After all," she said, "I suppose there are some Dublin wives who bless the law. You know—"

And the beautiful and famous sculptor smiled cynically.

"—some husbands, you know, are like cigars. They are not much good if you let them go out."

A. H. LAPHAM URGES VOTERS' SUPPORT PUBLIC PLUNGE

Boys And Girls Deserving Of Swimming Pool; Shows Cost To Taxpayer Slight

A. H. Lapham, 415 West Broadway, member of the board of city trustees and who urged that the voters of the city be given the chance to again vote on a bond issue for a swimming pool, sends the following self-explanatory communication:

Editor The Evening News: At the coming election to be held June 28, the voters of this city will again be given an opportunity to vote for a swimming pool. However, this time the issue will not be sandwiched in or tied up with anything else. It stands alone on its merits and it will be up to the people of Glendale to decide whether or not they want to do something of real benefit for the finest lot of young folks in the state. These boys and girls have been promised this improvement for a long time. They worked hard to get it and we should give it to them.

Cites Fair Example

Take a look around your own neighborhood and see what inducements you have to offer the boys. To give you a fair example, let me describe conditions on my own street. Adjoining my own home are three vacant lots. The boys have layed out a baseball diamond, a football field, a golf course and a bicyble track. At any time now these lots are liable to be built on. Then what happens? There is no place for a good live energetic boy to play except on the street and the streets are all cluttered up with outomobiles. Practically the same conditions exist all over our entire city.

If the boys go down to the river for a swim, usually there is trouble when they get home, for most of us parents don't like that river idea. Every driver of an auto who travels to Pasadena by way of Colorado street will testify that almost every day (school days excepted) they are begged for rides by Glendale boys going to Brookside park for a swim. It should not be necessary for them to do this and if this bond issue carries they won't have to.

Individual Cost Small

Now then. The city of Glendale owns a small park of approximately eight acres in the northwestern part of the city. There is ample space there for a large pool for the older children and a small pool for the little folks. The sum of $17,000 will pay the cost of both. The other $5000 will be used to pay off the debt that the city now owes on this park.

It will cost the tax payers just about 3 cents on every $100 assessed. In other words, if the assessor values your home at $3000 you pay 90 cents per year additional tax. I claim it is worth it.

On behalf of the many boys and girls of this city, I appeal to the voters of Glendale to vote yes for the swimming pool.

Respectfully submitted,
A. H. LAPHAM.

Irish Question Gets Before A. F. L. Session

DENVER, Colo., June 15.—The Irish question came into the open for the first time in the convention of the American Federation of Labor.

James H. Thomas, representing the British trades unions, was asked what the unions of Great Britain were doing to help Ireland gain her freedom.

"The British labor movement has always favored Irish freedom, but does not want an independent nation," Thomas said.

"We do not want to see an independent nation which would be a menace to us as a submarine base," Thomas said.

Thomas had finished his regular address when the question was handed to him. He said he had deliberately refrained from mentioning the subject.

Young Man Is Dead From Bite Of Spider

SANTA ANA, Cal., June 15.—Raymond Estrada, 21, was dead at Fullerton today from blood poisoning, the result of being bitten by a spider. He was a tree pruner and while at work June 3 was bitten on the left wrist. His left arm swelled immediately. Serum treatments failed to counteract the effects of the poison. The specie of the spider biting him is not known.

This is the second death of this character to occur in this county, the other having taken place eighteen years ago.

PRESSED FOR MONEY

"O Henry!" exclaimed the wife as she threw her arms rapturously round his neck, "I do love you so! Don't forget to leave me a couple of fives when you go to town this morning, will you, dear?"

"And this," muttered Henry, as he gently disengaged himself from her fond embrace, "this is what I call being pressed for money."
